Quotes from Letters of Recommendation

"Most notably, Pierrette is a servant leader. She puts others before herself, especially when it comes to children. She is kind and good hearted. She is respectful and ethical. She is authentic and genuine in all interactions, skillfully helping others to find consensus....Without a doubt, she will brighten the day of the people she works with and serves."

Kristen Williams, Ph.D.

Special Education Director of Curriculum and Instruction
North East ISD (Retired)

*"The purpose of life is to discover your gift.
The work of life is to develop it.
The meaning of life is to give your gift away."*
David Viscott

This quote directly states my life's pathway. My educational profession to serve children for 21 years became my essential foundation to discover my passions and develop my gifts. God gave me the blessing of painful changes in my life to find my life's purpose, to peacefully give my gifts to help a soul from the start of life to the transition of life back to heaven. This is my presence of who I am.

"Pierrette is very articulate and an effective communicator with children all the way to the elderly. She is always open and ready to listen. I have seen her hold hands with an elderly patient that suffers with dementia. The conversation did not make sense and that patience felt heard after Mrs. Partridge left...In hospice, we do not push our views on anyone. We always support the patient and their families. Pierrette is amazing at this. She never pushes her views but instead actively listens."
